(Subject Line) Getting Back to You [[firstname]]

(Body)

Hi [[firstname]],

My name is Bob Andolina from Traffic Oasis...

You were just now referred to me as someone who is looking to build a solid home business on a part time or full time basis. I received your name from a form you completed on the Internet.

Is the following contact information correct?

Your name: [[firstname]]

Your main email address: [[email]]

If the information above is correct, then we have done a good job finding you and now that we have a connection, we need to see if we have what you are looking for.

I'm excited to be the person chosen to provide you with the details you will need to make a fully informed decision, which could potentially build a significant income for you in the months ahead.

You've taken the first step. You're investigating your options so don't rush this part. Make sure you ask the right questions and get the answers you are looking for.

Here's how we work....

Step 1; take 2 minutes now to view an online presentation to learn the basic concept of how we work from home. Then complete the quick registration form that is at the lower left hand side of the screen for this will let me know you have done this step.

Step 2, We will need to set up a phone interview at which time I will walk you through a basic concept of what we do, how you get paid, and how much time you will need. If you have a computer and a phone, you already have the home office equipment you will need to get started. We will need about 10-minutes for this call.

Step 3, After we talk and I answer your questions, you can:

- A. Get started right away for as little as \$19.95
- B. Spend more time reading up and investigating our company, our team and me.
- C. Put us on the back burner for later.
- D. Remove yourself from any further contact with us.

You see [[firstname]], we are not here to sell you on what we can offer to you, we are here to see if what we have to offer is something you want or need to improve your life. We can't make any promises, but we are very excited and passionate about what we do for other people and in the long run it comes right back to us!

We are the new Home Business Professionals and would love to learn if we can find a place on our team for you. We can only work at building one team of six at a time. You may be the leader of that team and....

If you like the idea of getting a:

Monthly Cash income even when you are not there to work the plan,
More time with your family or time doing what you love to do,
Work full time or part time from home, you decide your own hours,
Better health for you and your family...

...this could be the perfect option for you!

There's more - much more!

But first... ...I urge you to hurry and take your next important step to independence.

Click here <http://www.discoveryourbusiness.com/index.php?126333> and be sure to fill out the form that is there so I know to get in touch with you ASAP.

I'll look forward to meeting you soon...
